

Keerti Yadav

B.Tech — Computer Science Engineering — 2027

+91 9352870763 — Keerti.yadav.23cse@bmu.edu.in — Keerti Yadav — Keerti121

Portfolio: Portfolio — Engineering Playbook — Change Blueprint

Education

B.Tech, Computer Science Engineering 2023–2027

CGPA: 6.75/10.0

12th / Higher Secondary (Science) CBSE / Rajasthan

CGPA: 8.7/10.0

10th / Secondary CBSE / Rajasthan

CGPA: 7.7/10.0

Skills

Programming Languages: Python, C++, Java, JavaScript

Frameworks & Libraries: OpenCV, TensorFlow, PyTorch, React, Node.js, Express

Databases & Tools: MySQL, MongoDB, Git, Docker, Linux

Concepts: OOP, REST APIs, Agile Development, System Design Basics

Projects

EcoLife360 – AI Personal Sustainability Dashboard 2025

Tech: React.js, Node.js, Express.js, Gemini API, Google Maps API, NLP

- Built an AI-powered sustainability dashboard integrating 5+ sustainability metrics, including carbon footprint, energy, water, waste, and transportation tracking.
- Developed an NLP-based transport planner supporting multiple transportation modes, using Google Maps API to compare routes, estimate CO₂ emissions, and recommend eco-friendly alternatives.

HealthPredict Flask App 2025

Tech: Python, Flask, XGBoost, Scikit-learn, SQLite, SQLAlchemy, HTML, CSS, Bootstrap

- Developed an ML-based patient no-show prediction system using XGBoost, evaluated with Accuracy and F1-score.
- Built a secure Flask web application with authentication, real-time predictions, history tracking, and email notifications.

HireFlow AI – Career Intelligence & AI Interview Platform 2026

Tech: Next.js 16, React 19, TypeScript, Tailwind CSS, Google Gemini 2.5 Flash API, Clerk Auth

- Engineered an end-to-end AI career platform that automates ATS resume evaluation, target job description keyword matching, and tailored cover letter generation.
- Developed an interactive mock interview suite featuring real-time voice speech-to-text dictation, live filler-word analysis ("um", "like"), adaptive recruiter simulation rounds, and client-side PDF analytics report exports.

Internship / Training

Edubot Private Limited (AI / Machine Learning Intern) 2025

- A Flask-based web application that predicts whether a patient will show up or miss a scheduled appointment using a trained XGBoost machine learning model.

ACIC BMU (Mera Business Initiative) 2024

- Business Development Intern
- Implemented core features and APIs under industry coding standards.

Achievements & Responsibilities

- Participant – Smart India Hackathon 2024.
- Participant – Women Who Master Hackathon 2026.
- Selected – IDE Bootcamp, NIT Surathkal.
- Completed 5 Coursera Certifications in AI/ML and Data Science.
